LETTER

Service Letter No. 318

April 6, 1959

TO: All Distributors, Dealers, Owners and Operators

SUBJECT: Carburetor Air Filter System Modification

MODELS: PA-18 "150" and PA-18A "150"
Serial Numbers 18-3771 and up
(Not Applicable for Seaplanes)

We are pleased to announce the availability of a modification kit to incorporate the latest type carburetor air filter system on the aircraft models listed above. This new carburetor air filter is of the paper type and is far superior to either of our present systems in that there is no loss of engine power, is more efficient and is easier to maintain. It is expected that with the use of this filter the engine life of Agricultural airplanes will be prolonged.

The part number of this carburetor air filter modification kit is 754 223, unit retail price \$100.86 and is available through your Piper distributor.

Very truly yours,

PIPER AIRCRAFT CORPORATION
