## AEROFICHE EXPLANATION AND REVISION STATUS

The Parts Catalog information incorporated in this set of Aerofiche cards has been arranged in accordance with the general specifications of Aerofiche adopted by the General Aircraft Manufacturer's Association.

### Conversion of Aerofiche alpha/numeric code numbers:

First number is the Aerofiche card identifier.

Letter is the horizontal line reference per card.

Second number is the vertical line reference per card.

Example: 2J16 = Aerofiche card number two of given set, Grid location J16.

To aid in locating the various sections and related information desired, the following is provided:

A complete Catalog Table of Contents is given at Grid 1A7 of Aerofiche card number 1 of this set. Each additional card in this set will have a Table of Contents for all sections on that particular card. This table will start at Grid A3.

## REVISIONS

The information compiled in this Aerofiche Parts Catalog will be kept current by revisions distributed periodically. These revisions will supersede all previous revisions and will be complete Aerofiche card replacements and shall supersede Aerofiche cards of the same number in the set.

Current Revisions to this PA-31T3 T1040 Parts Catalog issued March 8, 1982 are as follows:

|                         |                      |
|-------------------------|----------------------|
| 761 761 (PR820714)..... | Dated July, 1982     |
| 761 761 (PR821112)..... | Dated November, 1982 |
| 761 761 (PR830412)..... | Dated April, 1983    |
| 761 761 (PR840110)..... | Dated January, 1984  |
| 761 761 (PR840711)..... | Dated July, 1984     |

NOTE: Refer to the last card of the Piper - Parts Price List - Aerofiche for a check list of current revision dates and card effectiveness for this parts catalog.

# PIPER PARTS CATALOG

# INTRODUCTION

This illustrated Parts Catalog is designed to provide simple but positive identification of replacement parts for the Piper Model PA-31T3 T1040, manufactured by the Piper Aircraft Corporation of Lock Haven, Pennsylvania.

**NOTE: UNDER NO CIRCUMSTANCES SHALL THIS CATALOG BE USED FOR RIGGING AND INSTALLATION PURPOSES.**

It is suggested that this catalog be thoroughly studied to determine its arrangement prior to its utilization.

1. The Catalog is divided into fourteen (14) major sections described as follows:
  - a. Section I to XIII inclusive contain all replacement parts for the complete airplane. Each section is subdivided and each division includes an illustration and a parts listing.
  - b. Section XIV is the Miscellaneous Group. This group includes an illustration and parts list for the Placards and Exterior Stencils and a listing of the Optional Equipment Kits, Repair Kits and Special Tools.
2. The following is a brief explanation of the columns in the parts lists: (Refer to EXAMPLE below).
  - a. The "FIGURE AND INDEX NUMBER" column indicates the illustration figure number and its parts index number. EXAMPLE: (2-1), the 2 is the figure number and the 1 is the index number. The figure number appears only at the top of each parts list page.
  - b. The "PART NUMBER" column contains the identifying number of the replacement part and this number must be shown on all Parts Orders.
  - c. The "CODE" column is for the purpose of indicating special uses of the part. An explanation of the letter code used is shown on the grid (page) preceding each parts listing and pertains to that listing only.
  - d. The "NOMENCLATURE" column indicates the part name. This name must be shown on all Parts Orders.
  - e. The "NO. REQ." (Number Required) column represents the total quantity of parts used per aircraft per figure when the part is not indented and the quantity of parts used per assembly when the part is indented. The symbol "AR" listed in this column means "As Required."
  - f. The "SERIAL NUMBERS AFFECTED" column indicated the part application by airplane serial number.

| Figure<br>and<br>Index<br>Number | Part<br>Number | Code | EXAMPLE                               |             |                            |
|----------------------------------|----------------|------|---------------------------------------|-------------|----------------------------|
|                                  |                |      | NOMENCLATURE                          | No.<br>Req. | SERIAL NUMBERS<br>AFFECTED |
| 2-1                              | XXXXXX-XX      |      | DOOR ASSEMBLY - Baggage compartment   | X           |                            |
| -2                               | XXXXXX-XX      |      | • TUBE ASSEMBLY - Baggage door latch  | X           |                            |
| -3                               | XXXXXX-XX      |      | • * CLEVIS - Door latch tube assembly | X           |                            |
| -4                               | XXXXXX-XX      |      | • * CLIP - Door latch tube assembly   | X           |                            |

In the Nomenclature column, the next higher assembly relationship of items covered is shown by the degree of indentation of each item and is indicated by an asterisk (\*). One asterisk signifies one indentation, two signifies two indentations, etc. The example listing above is interpreted as follows:

If the DOOR ASSEMBLY (not indented) is ordered, it will include the three items indented under the Door Assembly.

If the TUBE ASSEMBLY (indented one space) is ordered, it will include the two items indented under the Tube Assembly.

If you want only a CLEVIS or CLIP, you order only that item.

3. The "ATTACHING PARTS" such as nuts, bolts, screws, etc., that are available as commercial hardware items, are not generally supplied by the Piper Aircraft Corporation. This catalog lists, for your convenience, those attaching parts required for main assemblies and installation. The identifying number for these parts appears after the part name.

4. All items of Optional Equipment are contained in the parts list in their proper sequences and sections. These items were not marked optional, since they are fully identified by their descriptions.

# PIPER PARTS CATALOG

## SPECIAL NOTE

Replacement parts for Optional Autopilot Installations, Optional Avionics and Electronics Installations (i.e. Radar, Radio Altimeter, Encoding Altimeter, Radio Telephone, etc.) are not being listed or illustrated in this catalog.

If replacement parts are required, refer to the Avionics Drawing Index List and the appropriate drawings supplied with each aircraft to determine part number of desired part.

## HOW TO IDENTIFY A PART IF YOU KNOW WHAT IT LOOKS LIKE AND KNOW WHERE IT IS LOCATED

1. Refer to Figure 1 to determine the section number in which the part is used.
  2. Refer to the Table of Contents and locate the section. Note the figure numbers that illustrate the various subgroups of this main section.
    - a. Select the Figure title you think might contain the part you wish to identify and turn to the (grid) page specified.
  3. Find the part on the illustration and note the index number.
- NOTE: If you don't find the part on this illustration, try another figure in this group.
4. Refer to the "Figure and Index Number" in the Parts Listing for complete description of the part.

## HOW TO ORDER PARTS

In ordering parts for your Piper Airplanes, observe the following instructions which will aid in your getting the right parts required without delay.

- a. Place your order with the distributor or dealer for your territory, since parts are available only through our distributor organization.
- b. Always specify the model and serial number of your airplane.
- c. Always specify part number, name, type and quantity required.
- d. Specify the method of shipment - freight, express, parcel post, air express, air freight or air parcel post. Where the nature of the shipment requires it or when no instructions are given, we reserve the right to ship the most suitable way.

## GENERAL INFORMATION

### a. Shortages

All orders are checked and rechecked before leaving our Shipping Department. A packing slip is enclosed with the shipment and claims for errors or shortages must be made within three (3) days after receipt of orders.

### b. Returned Goods

No material should be returned to us without first securing our written permission. Material sent in without notice will be held at the owner's risk for thirty (30) days and will then be disposed of as we see fit.

Transportation charges must be PREPAID on returned goods or the shipment will be refused.

### c. Transportation Liabilities

The Piper Aircraft Corporation cannot be held liable for damages to parts in transit from the factory. If a shipment is received in a damaged condition, have the delivery man or Transportation Company make a notation of the damage and file your claim with the Carrier. In case of concealed damage, do not attempt to remove the part from the shipping container, or endeavor to repair the damage, but call the Carrier and have his Claim Agent inspect the damage before filing your claim with the Carrier.

# PIPER PARTS CATALOG

## PA-31T3 T1040 SERIAL NUMBER INFORMATION

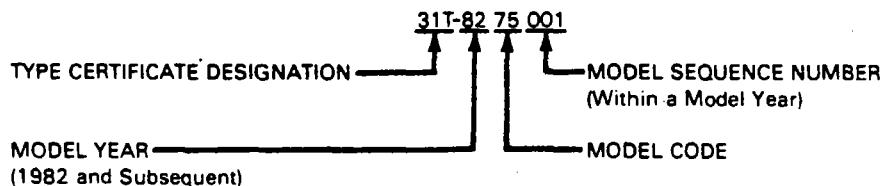

The following information should be kept in mind when ordering from this Catalog:

- The serial numbers of the aircraft covered by this Parts Catalog are as follows:

- (1) Serial numbers of the 1982 PA-31T3 T1040 Models are 31T-8275001 to 31T-8275025 inclusive.
- (2) Serial numbers of the 1983 PA-31T3 T1040 Models are 31T-8375001 and up.

### SERIAL NUMBER EXPLANATION

The Serial Number on the Manufacturer's Identification Plate is based on a 4-number set system. The first number set defines the Type Certificate Designation, the second set is the Model Year, the third set is the Model Code, while the fourth set is the Model Sequence Number (within a model year).

### CODE EXPLANATIONS FOR FIGURE 2

- A - Used if tip assembly incorporates navigation, strobe and recognition lights.
- B - Used if tip assembly incorporates navigation and strobe lights only.
- C - Used if pilot door is installed.
- D - Used if Fuel System Quick Drain is installed.
- E - Used if Fuel System Quick Drain is not installed.
- F - Used if wing tip fuel tanks are installed.
- G - Used if wing tip fuel tanks are not installed.
- H - Static discharger base installation requires the application of an epoxy sealant (Piper part no. 179 895) between the discharger base and the wing tip tank.

### **CODE EXPLANATIONS FOR FIGURE 3**

- A** - All items on Figures 4, 5, 6, 7, 79, 80, 91 and 92 are component parts of this assembly.
- B** - See Figure 5 for component parts.
- C** - See Figure 7 for component parts.

## CODE EXPLANATIONS FOR FIGURE 5

- A - All items on Figures 6 and 91 are components of this assembly.
- B - See Figure 6 for component parts.
- C - Used if Pilot Door is installed.
- D - Used if Inboard Deicer Boots are installed.
- E - Used on aircraft with serial numbers 31T-8275009, 31T-8275013, 31T-8275015 and up.

| -55                              | 40560-05       |      | * BRACKET ASSEMBLY - Main gear door hinge, aft, left                    | 1           |                            |
|                                  | 40560-04       |      | * BRACKET ASSEMBLY - Main gear door hinge, aft, right                   | 1           |                            |
| -56                              | 29741-03       |      | * BRACKET ASSEMBLY - Landing gear door cylinder support, forward, left  | 1           |                            |
|                                  | 29741-02       |      | * BRACKET ASSEMBLY - Landing gear door cylinder support, forward, right | 1           |                            |
| -57                              | 29741-02       |      | * BRACKET ASSEMBLY - Landing gear door cylinder support, aft, left      | 1           |                            |
|                                  | 29741-03       |      | * BRACKET ASSEMBLY - Landing gear door cylinder support, aft, right     | 1           |                            |
| -58                              | 40474-04       |      | * BULKHEAD - Wheel well, rear inboard, left                             | 1           |                            |
|                                  | 40474-05       |      | * BULKHEAD - Wheel well, rear inboard, right                            | 1           |                            |
| -59                              | 45377-06       |      | * BULKHEAD ASSEMBLY - Wheel well front, left                            | 1           |                            |
|                                  | 45377-07       |      | * BULKHEAD ASSEMBLY - Wheel well front, right                           | 1           |                            |
| -60                              | 40466-02       |      | * BULKHEAD - Wheel well, rear outboard, left                            | 1           |                            |
|                                  | 40466-03       |      | * BULKHEAD - Wheel well, rear outboard, right                           | 1           |                            |
| -61                              | 50073-00       |      | * BULKHEAD ASSEMBLY - Wing, Sta. 62.81, left                            | 1           |                            |
|                                  | 50073-01       |      | * BULKHEAD ASSEMBLY - Wing, Sta. 62.81, right                           | 1           |                            |
| -62                              | 40438-00       |      | * ANGLE - Wing rib rear attachment, left                                | 1           |                            |
|                                  | 40438-01       |      | * ANGLE - Wing rib rear attachment, right                               | 1           |                            |
| -63                              | 50016-00       |      | * BULKHEAD - Wing, left   | 1           |                            |
|                                  | 50016-01       |      | * BULKHEAD - Wing, right  | 1           |                            |
| -64                              | 50010-00       |      | * BULKHEAD ASSEMBLY - Main gear support, forward, left                  | 1           |                            |
|                                  | 50010-01       |      | * BULKHEAD ASSEMBLY - Main gear support, forward, right                 | 1           |                            |
| -65                              | 45501-30       |      | * BULKHEAD ASSEMBLY - Main gear support, rear, left                     | 1           |                            |
|                                  | 45501-31       |      | * BULKHEAD ASSEMBLY - Main gear support, rear, right                    | 1           |                            |

When ordering, always specify Part Number, Description and Serial Number of Aircraft

## PIPER PARTS CATALOG

| Figure and Index Number | Part Number | Code | NOMENCLATURE  | No. Req. | SERIAL NUMBERS AFFECTED |
|-------------------------|-------------|------|---|----------|-------------------------|
| 7-66                    | 40658-00    |      | • BRACKET ASSEMBLY - Main gear up switch                            | 1        |                         |
| -67                     | 40389-00    |      | • BRACKET - Main landing gear actuator support, forward, left       | 1        |                         |
|                         | 40389-01    |      | • BRACKET - Main landing gear actuator support, forward, right      | 1        |                         |
| -68                     | 40652-00    |      | • BRACKET - Main gear actuator, forward                             | 1        |                         |
| -69                     | 40439-00    |      | • CHANNEL - Actuator bracket support, forward, left                 | 1        |                         |
|                         | 40439-01    |      | • CHANNEL - Actuator bracket support, forward, right                | 1        |                         |
| -70                     | 40776-00    |      | • BRACKET - Main gear actuator reinforcement                        | 1        |                         |
| -71                     | 40463-00    |      | • ANGLE - Fuel cell liner support                                   | 1        |                         |
| -72                     | 40465-00    |      | • ANGLE - Fuel cell liner support                                   | 1        |                         |
| -73                     | 40502-02    |      | • BRACKET ASSEMBLY - Main gear door, outboard hinge, forward, left  | 1        |                         |
|                         | 40502-03    |      | • BRACKET ASSEMBLY - Main gear door, outboard hinge, forward, right | 1        |                         |
| -74                     | 40502-05    |      | • BRACKET ASSEMBLY - Main gear door, outboard hinge, aft, left      | 1        |                         |
|                         | 40502-04    |      | • BRACKET ASSEMBLY - Main gear door, outboard hinge, aft, right     | 1        |                         |
| -75                     | 45691-04    |      | • BRACKET ASSEMBLY - Main gear door, outboard hinge, forward, left  | 1        |                         |
|                         | 45691-05    |      | • BRACKET ASSEMBLY - Main gear door, outboard hinge, forward, right | 1        |                         |
| -76                     | 45691-03    |      | • BRACKET ASSEMBLY - Main gear door, outboard hinge, aft, left      | 1        |                         |
|                         | 45691-02    |      | • BRACKET ASSEMBLY - Main gear door, outboard hinge, aft, right     | 1        |                         |
| -77                     | 50104-23    |      | • BRACKET ASSEMBLY - Flap actuator mounting, inboard, left          | 1        |                         |
|                         | 50104-22    |      | • BRACKET ASSEMBLY - Flap actuator mounting, inboard, right         | 1        |                         |
| -78                     | 50104-24    |      | • BRACKET ASSEMBLY - Flap actuator mounting, outboard, left         | 1        |                         |
|                         | 50104-25    |      | • BRACKET ASSEMBLY - Flap actuator mounting, outboard, right        | 1        |                         |
| -79                     | 45825-00    |      | • ANGLE - Main gear door cutout, left                               | 1        |                         |
|                         | 45825-01    |      | • ANGLE - Main gear door cutout, right                              | 1        |                         |
| -80                     | 40513-00    |      | • BRACKET - Aileron pulley, top, left                               | 1        |                         |
|                         | 40513-01    |      | • BRACKET - Aileron pulley, top, right                              | 1        |                         |
| -81                     | 40513-01    |      | • BRACKET - Aileron pulley, bottom, left                            | 1        |                         |
|                         | 40513-00    |      | • BRACKET - Aileron pulley, bottom, right                           | 1        |                         |
| -82                     | 40515-00    |      | • BRACKET - Aileron tab pulley, right                               | 1        |                         |

### CODE EXPLANATIONS FOR FIGURE 10

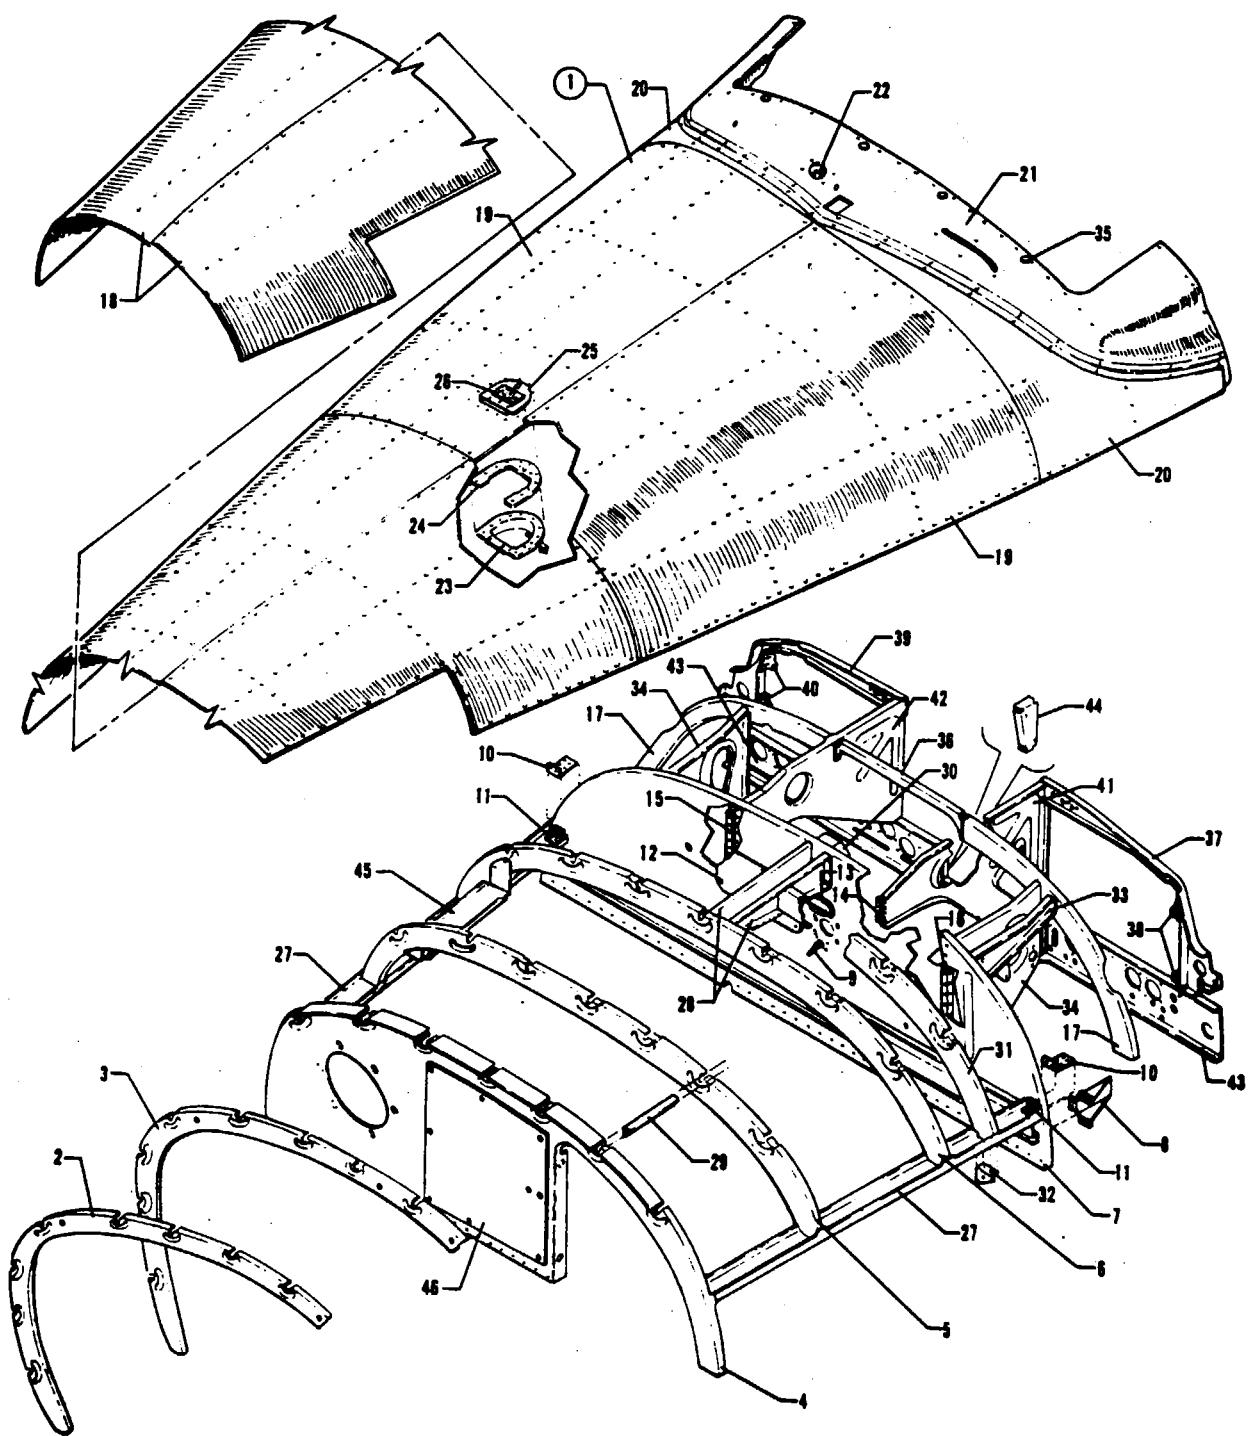

- A - See Figure 11 for component parts.
- B - See Figure 12 for component parts.
- C - See Figure 14 for component parts.
- D - See Figure 15 for component parts.
- E - See Figure 16 for component parts.
- F - See Figure 17 for component parts.
- G - See Figure 18 for component parts.
- H - See Figure 19 and 20 for component parts.
- J - See Figure 21 for component parts.
- K - See Figure 22 for component parts.
- L - See Figure 23 for component parts.
- M - See Figure 24 for component parts.
- N - See Figure 25 for component parts.
- O - See Figure 27 for component parts.
- P - Used if pilot door is installed.

### CODE EXPLANATIONS FOR FIGURE 30

- A - Serial number of aircraft must be supplied when ordering this part.
- B - If matching cabin, baggage and nacelle locker locks are desired, order Part No. 25163-11; if matching cabin, baggage, pilot door and nacelle locker locks are desired, order Part No. 25163-12.
- C - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.

### CODE EXPLANATIONS FOR FIGURE 33

- A - When ordering, specify color beige or white.
- B - If matching cabin, baggage, pilot door and nacelle locker locks are desired, order Part No. 25163-12.
- C - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.

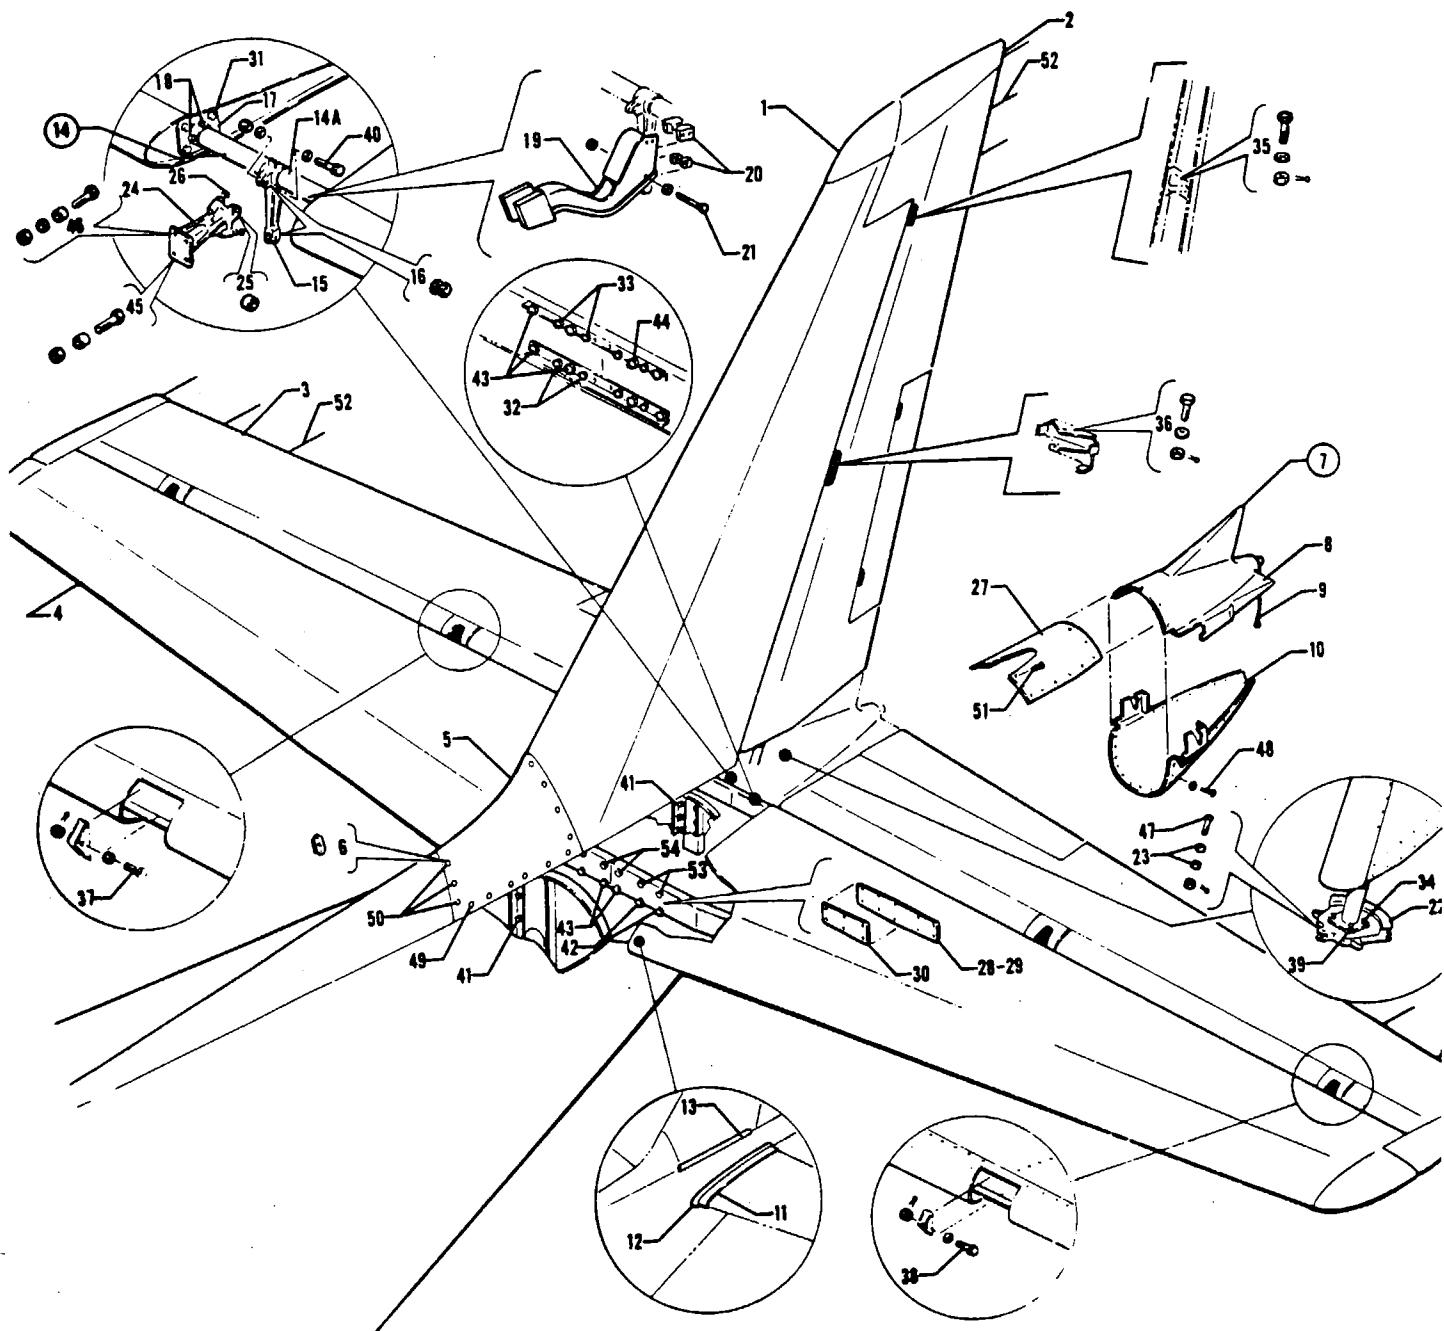

Figure 35 Tail Surfaces Installation

---

## PIPER PARTS CATALOG

---

### CODE EXPLANATIONS FOR FIGURE 35

- A - See Figure 38 for component parts.
- B - See Figure 36 for component parts.
- C - See Figure 37 for component parts.
- D - See Figure 39 for component parts.
- E - Used if tail flood light is installed.
- F - Used on aircraft with serial numbers 31T-8275002, 31T-8275003, 31T-8275009 and up.

### CODE EXPLANATIONS FOR FIGURE 39

- A - Used if no autopilot is installed. If aircraft is equipped with any type Autopilot, ascertain elevator part number stamped on identification plate attached to inboard elevator rib and order that part number.
- B - Used on aircraft with serial numbers 31T-8275002, 31T-8275003, 31T-8275009 and up.

### CODE EXPLANATIONS FOR FIGURE 56

- A - Serial number of aircraft must be supplied when ordering this part.
- B - See Figure 32 if pilot door is installed.
- C - Used on aircraft that comply with C A.A. (United Kingdom) requirements.
- D - Used on aircraft with serial numbers 31T-8275001 to 31T-8275003 inclusive, 31T-8275005 to 31T-8275016 inclusive, 31T-8275018 to 31T-8375002 inclusive, 31T-8375004 and up.
- E - Used on aircraft with serial numbers 31T-8275004, 31T-8275017, 31T-8375003.

## CODE EXPLANATIONS FOR FIGURE 65

- A - If special instruments and/or avionics are installed, check part number stamped on back of panel and order that part number.
- B - If any type of Autopilot is installed, refer to the Avionics Drawing Index List and the appropriate drawings supplied with each aircraft for replacement parts.
- C - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.
- D - Used if Ni-cad Battery is installed.
- E - Used if Cargo Pod is installed.
- F - Used if Weston torque indicator is installed.
- G - Used on aircraft with serial numbers 31T-8275001, 31T-8275003, 31T-8275005 and up.
- H - Used on aircraft that comply with D.G.A.C. (France) requirements.

### CODE EXPLANATIONS FOR FIGURE 70

- A - Used if Pressure Driven Turn and Bank indicator only is installed.
- B - Used if Pressure Driven Attitude Gyro, Directional Gyro and Turn and Bank Indicator are installed.
- C - Used if Pressure Driven Attitude Gyro and Turn and Bank Indicator only are installed.

## AEROFICHE EXPLANATION AND REVISION STATUS

The Parts Catalog information incorporated in this set of Aerofiche cards has been arranged in accordance with the general specifications of Aerofiche adopted by the General Aircraft Manufacturer's Association.

Conversion of Aerofiche alpha/numeric code numbers:

First number is the Aerofiche card identifier.

Letter is the horizontal line reference per card.

Second number is the vertical line reference per card.

Example: 2J16 = Aerofiche card number two of given set, Grid location J16.

To aid in locating the various sections and related information desired, the following is provided:

A complete Catalog Table of Contents is given at Grid 1A7 of Aerofiche card number 1 of this set. Each additional card in this set will have a Table of Contents for all sections on that particular card. This table will start at Grid A3.

## REVISIONS

The information compiled in this Aerofiche Parts Catalog will be kept current by revisions distributed periodically. These revisions will supersede all previous revisions and will be complete Aerofiche card replacements and shall supersede Aerofiche cards of the same number in the set.

Current Revisions to this PA-31T3 T1040 Parts Catalog issued March 8, 1982 are as follows:

|                         |                      |
|-------------------------|----------------------|
| 761 761 (PRB20714)..... | Dated July, 1982     |
| 761 761 (PRB21112)..... | Dated November, 1982 |
| 761 761 (PRB30412)..... | Dated April, 1983    |
| 761 761 (PRB40110)..... | Dated January, 1984  |
| 761 761 (PRB40711)..... | Dated July, 1984     |

NOTE: Refer to the last card of the Piper - Parts Price List - Aerofiche for a check list of current revision dates and card effectivities for this parts catalog.

### CODE EXPLANATIONS FOR FIGURE 71

- A - See Figure 82 for propeller components or Figure 134 for deicer components and propeller mounting hardware.
- B - Do not use gasket supplied with this part. Order and install gasket, part no. 484 860.
- C - Used if Auto Ignition System is installed.
- D - Used if Bendix torque transmitter is installed.
- E - Used if Kulite torque transmitter is installed.
- F - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.
- G - Used on aircraft with serial numbers 31T-8275011, 31T-8275014 and up.

### CODE EXPLANATIONS FOR FIGURE 74

- A - This kit contains sufficient parts to overhaul five (5) starter generators.
- B - These parts are included in Starter Generator Maintenance Kit P/N 764 143 and Starter Generator Overhaul Kit P/N 764 144.
- C - These parts are included in Starter Generator Overhaul Kit 764 144.
- D - This Kit contains sufficient parts to maintain one (1) starter generator.

### CODE EXPLANATIONS FOR FIGURE 77

- A - No longer available. Order Air Inlet Deicer Lip Replacement Kit 764 956 if deicer lip incorporates screws (item 28B) around the inside of the deicer lip. If deicer lip does not incorporate screws (item 28B) around the inside of the deicer lip, order part for serial numbers 31T-8275003, 31T-8375002 and up.
- B - Also used on serial numbers 31T-8275001, 31T-8275002, 31T-8275004 to 31T-8375001 inclusive if Air Inlet Deicer Lip Replacement Kit 764 956 has been installed.
- C - Used on aircraft with serial numbers 31T-8275001 to 31T-8275009 inclusive, 31T-8275011 and up.
- D - Used on aircraft with serial numbers 31T-8275003, 31T-8375002 and up.

### CODE EXPLANATIONS FOR FIGURE 79

- A - Refer to Figure 80 for locker door assembly and installation.
- B - Used if wing ice detection light is installed.
- C - Used if air conditioning is installed.
- D - Serial number of aircraft must be supplied when ordering this part.
- E - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.

### CODE EXPLANATIONS FOR FIGURE 93

- A - See Figure 94 for component parts.
- B - Used if no Autopilot is installed. For aircraft equipped with any type Autopilot F/D, refer to the Avionics Drawing Index List and the appropriate drawings supplied with each aircraft when ordering replacement parts.
- C - Used if windshield wiper is installed.
- D - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.

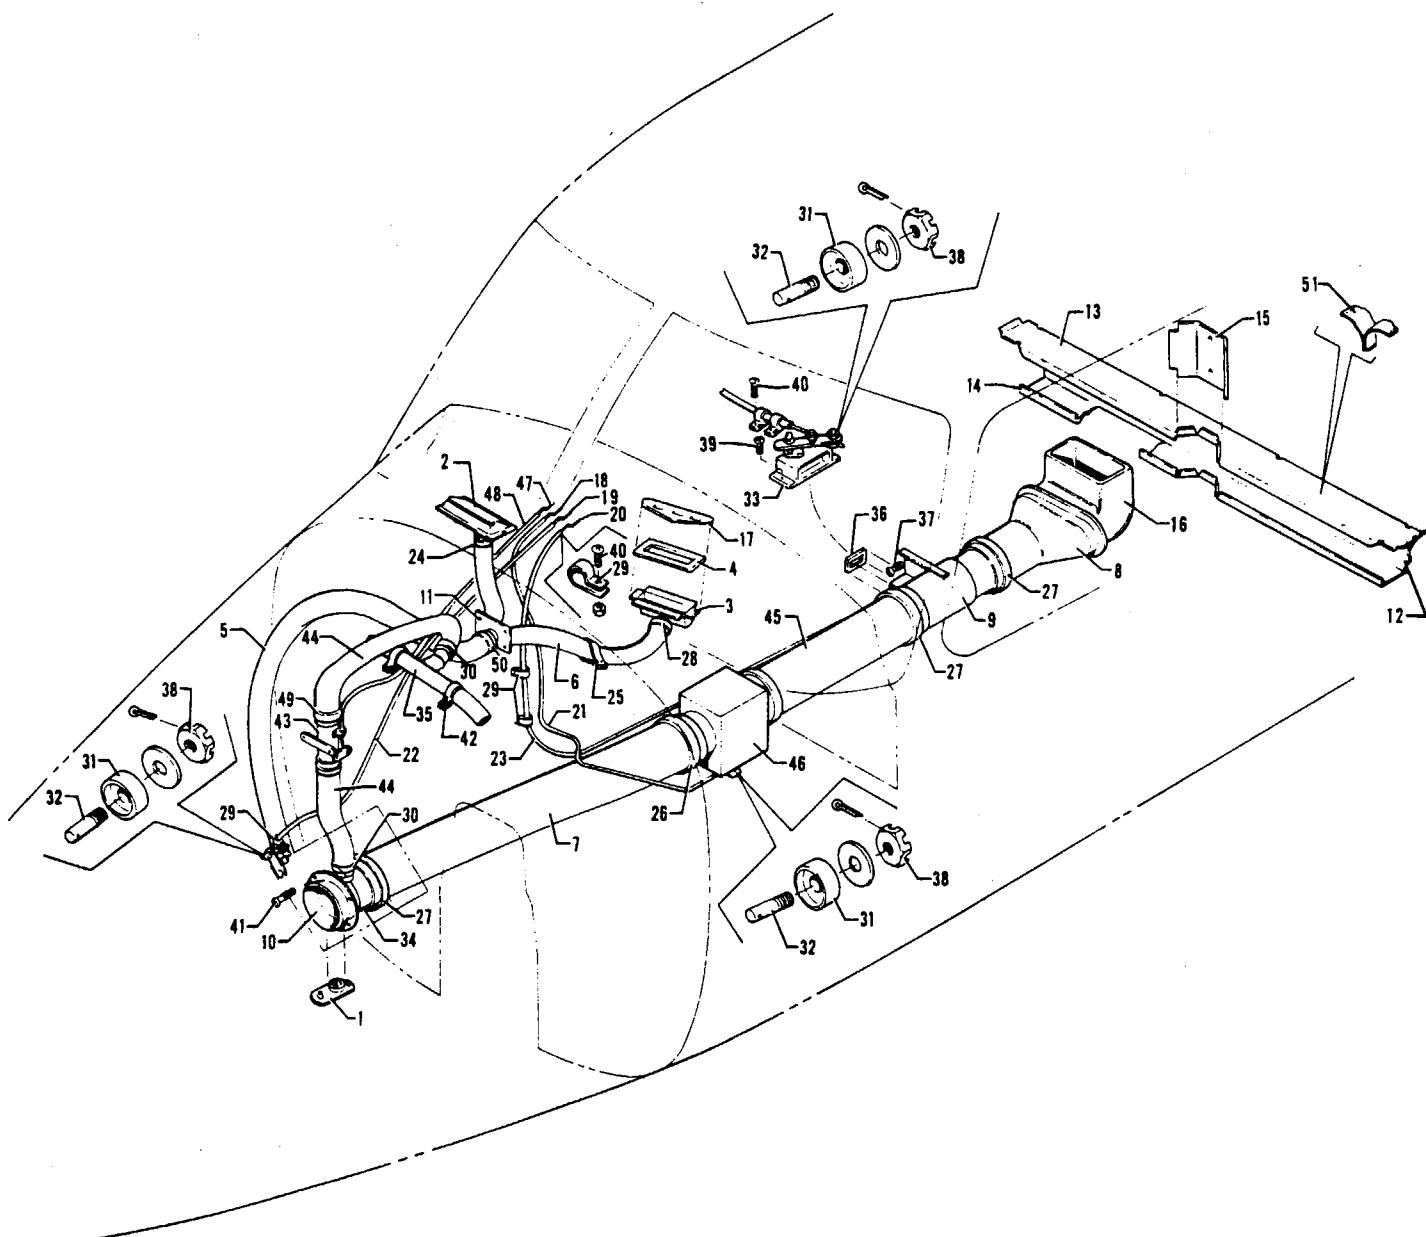

Figure 111 Heater and Defroster System Installation  
(See Code "A")

---

## PIPER PARTS CATALOG

---

### CODE EXPLANATIONS FOR FIGURE 111

- A - Used on aircraft with serial numbers 31T-8275001 to 31T-8275003 inclusive, 31T-8275005 to 31T-8275016 inclusive, 31T-8275018 to 31T-8375002 inclusive, 31T-8375004 and up.
- B - See Figure 114 for component parts.

---

### **CODE EXPLANATIONS FOR FIGURE 111A**

A - Used on aircraft with serial numbers 31T-8275004, 31T-8275017, 31T-8375003.

B - Used if Auxiliary Bleed Air Heat System is not installed.

C - Used if Auxiliary Bleed Air Heat System is installed.

### CODE EXPLANATIONS FOR FIGURE 112

- A - Used on aircraft with serial numbers 31T-8275001 to 31T-8275003 inclusive, 31T-8275005 to 31T-8275016 inclusive, 31T-8275018 to 31T-8375002 inclusive, 31T-8375004 and up.
- B - See Figure 114 for component parts.
- C - See Figure 87 for component parts.
- D - See Figure 113 for component parts.

### CODE EXPLANATIONS FOR FIGURE 112A

- A - Used on aircraft with serial numbers 31T-8275004, 31T-8275017, 31T-8375003.
- B - See Figure 113 for component parts.
- C - See Figure 114 for component parts.
- D - See Figure 87 for component parts.

### CODE EXPLANATIONS FOR FIGURE 116

- A - No longer available. Order complete Blower Assembly, Part No. 453 009 (Dukes, Inc. #1482-00-3) or Part No. 453 010 (Dukes, Inc. #1483-00-3), as a replacement. If Blower Assembly Part No. 453 009 or Part No. 453 010 has previously been installed, order Blower Motor Replacement Kit 764 382.
- B - Also used on aircraft with Serial Numbers 31T-8275001 to 31T-8275014 inclusive, 31T-8275017 and 31T-8275025 if Blower Assembly, Part No. 453 009 (Dukes, Inc. #1482-00-3) or Part No. 453 010 (Dukes, Inc. #1483-00-3) has been installed.
- C - Used on aircraft with serial numbers 31T-8275015, 31T-8275016, 31T-8375001 and up.
- D - Used if Auxiliary Bleed Air Heat System is installed.

### CODE EXPLANATIONS FOR FIGURE 124

- A - Used if 115 cu. ft. oxygen bottle is installed.
- B - Used if 22 cu. ft. oxygen bottle is installed.
- C - Nuts and Ferrules supplied with fitting.
- D - Used if cargo interior is installed.
- E - Used if commuter interior is installed.

### CODE EXPLANATIONS FOR FIGURE 125

- A - Used if Inboard Deicer Boots are not installed.
- B - Used if Inboard Deicer Boots are installed.
- C - Used on aircraft with serial numbers 31T-8275009, 31T-8275013, 31T-8275015 and up.

### CODE EXPLANATIONS FOR FIGURE 127

- A - Used if air conditioning system is installed.
- B - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.
- C - No longer available. Order Air Inlet and Prop Deicer Timer Replacement Kit 764 954 as a replacement. If Timer #950DO123-001, has previously been installed, order part for serial numbers 31T-8375002 and up.
- D - Also used on aircraft with serial numbers 31T-8275001 to 31T-8375001 inclusive if Air Inlet and Prop Deicer Timer Replacement Kit 764 954 has been installed.
- E - Used on aircraft with serial numbers 31T-8275001 to 31T-8275003 inclusive, 31T-8275005 to 31T-8275016 inclusive, 31T-8275018 to 31T-8375002 inclusive, 31T-8375004 and up.
- F - Used on aircraft with serial numbers 31T-8275004, 31T-8275017, 31T-8375003.

### CODE EXPLANATIONS FOR FIGURE 128

- A - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.
- B - Used on aircraft with serial numbers 31T-8275004, 31T-8275017, 31T-8375003.
- C - Used if Auxiliary Bleed Air Heat System is installed.

### CODE EXPLANATIONS FOR FIGURE 131

- A - Used if Autoignition System is installed.
- B - Used if Engine Compartment Fire Extinguishers are not installed.
- C - Used if Wing Tip Recognition Lights are installed.
- D - Used if Engine Compartment Fire Extinguishers are installed.
- E - Used if Cargo Pod is installed.
- F - Used if Cargo Pod is not installed.

## AEROFICHE EXPLANATION AND REVISION STATUS

The Parts Catalog information incorporated in this set of Aerofiche cards has been arranged in accordance with the general specifications of Aerofiche adopted by the General Aircraft Manufacturer's Association.

Conversion of Aerofiche alpha/numeric code numbers:

First number is the Aerofiche card identifier.

Letter is the horizontal line reference per card.

Second number is the vertical line reference per card.

Example: 2J16 = Aerofiche card number two of given set, Grid location J16.

To aid in locating the various sections and related information desired, the following is provided:

A complete Catalog Table of Contents is given at Grid 1A7 of Aerofiche card number 1 of this set. Each additional card in this set will have a Table of Contents for all sections on that particular card. This table will start at Grid A3.

## REVISIONS

The information compiled in this Aerofiche Parts Catalog will be kept current by revisions distributed periodically. These revisions will supersede all previous revisions and will be complete Aerofiche card replacements and shall supersede Aerofiche cards of the same number in the set.

Current Revisions to this PA-31T3 T1040 Parts Catalog issued March 8, 1982 are as follows:

|                         |                      |
|-------------------------|----------------------|
| 761 761 (PR820714)..... | Dated July, 1982     |
| 761 761 (PR821112)..... | Dated November, 1982 |
| 761 761 (PR830412)..... | Dated April, 1983    |
| 761 761 (PR840110)..... | Dated January, 1984  |
| 761 761 (PR840711)..... | Dated July, 1984     |

NOTE: Refer to the last card of the Piper - Parts Price List - Aerofiche for a check list of current revision dates and card effectivities for this parts catalog.

### CODE EXPLANATIONS FOR FIGURE 137

- A - Used if fuel system quick drain is installed.
- B - Used if pilot door is installed.
- C - Used if B.F. Goodrich Nose Wheel Assembly 3-1076 or Cleveland Nose Wheel Assembly 40-140 is installed.
- D - Used if B.F. Goodrich Nose Wheel Assembly 3-1331 is installed.
- E - Used if engine compartment fire extinguishers are not installed.
- F - Used on aircraft that comply with C.A.A. (United Kingdom) requirements.
- G - Used if wing tip fuel tanks are installed.
- H - Used if wing tip fuel tanks are not installed.
- J - Used if Weston torque indicator is installed.
- K - Used on aircraft with serial numbers 31T-8275009, 31T-8275013, 31T-8275015 and up.
- L - Used if cargo pod is installed.
- M - Used on aircraft with serial numbers 31T-8275004, 31T-8275017, 31T-8375003.
